This comprised a small part of our budget and gives us the opportunity to say “thank you” and mix on a personal level. ● One of the concerns we face is vaping; this varies from school to school. ● A thought exchange involving all the school’s gave everyone opportunity to ask how we, as a Divison, can do-away (or reduce) with our use of single plastic items and, further, what other acts can we do to help our environment. ● A thought exchange involving school council chairs, LLT and parish priests will give us insight into what trustees should and should not focus on.
